May 22, 2006

You may have recently learned that we have expanded our services and opened an office in Miami-Dade County. We hope that you come to know our level of service and approach to home care that many professionals have enjoyed in Broward and Lee Counties over the past nine years.

Alternative Home Health Care is an in-home, assisted living service, providing companions and home-health-aides. We offer a unique array of services including: personal care (all activities of daily living such as bathing, dressing and person hygiene), light housekeeping, companionship, meal preparation, errands and physician visits.

We require no minimum number of hours. We are dedicated to helping our clients maintain an independent, dignified lifestyle at home.

Below are some qualities of our company which we feel make us different:

- ◆ **All W2 Employees** – No Independent Contractors
- ◆ **Accountability Guaranteed** through Clockwork – our automated telephonic time and attendance system
- ◆ **No minimum** (in terms of hours or # of days/week)
- ◆ Specialize in custodial care
- ◆ Aides are competency tested – not a state requirement – but our requirement
- ◆ Routine Nurse visits are complimentary
- ◆ Insurance Assignment is accepted
- ◆ Employee benefits – paid health insurance/vacation
- ◆ Employee Retention - Majority greater than 1 year of service
- ◆ Owner-operated

Our mission is to help families live with dignity, respect and peace of mind. Should you wish to learn more about our company please contact Xiomara Umana-Alvarez at (305) 652-0066. We would be happy to personally discuss our services with you.

Sincerely,

Renee Anter  
Administrator

Xiomara Umana-Alvarez  
Associate Administrator
